

# Technology Services

# About Us

Our technology team is part of a larger consulting engineering division, which serves as a valuable resource for our ongoing projects. Many clients find it convenient to have seamless access to a qualified engineering team should other electrical or mechanical concerns present themselves throughout a given project.

## Client Expertise

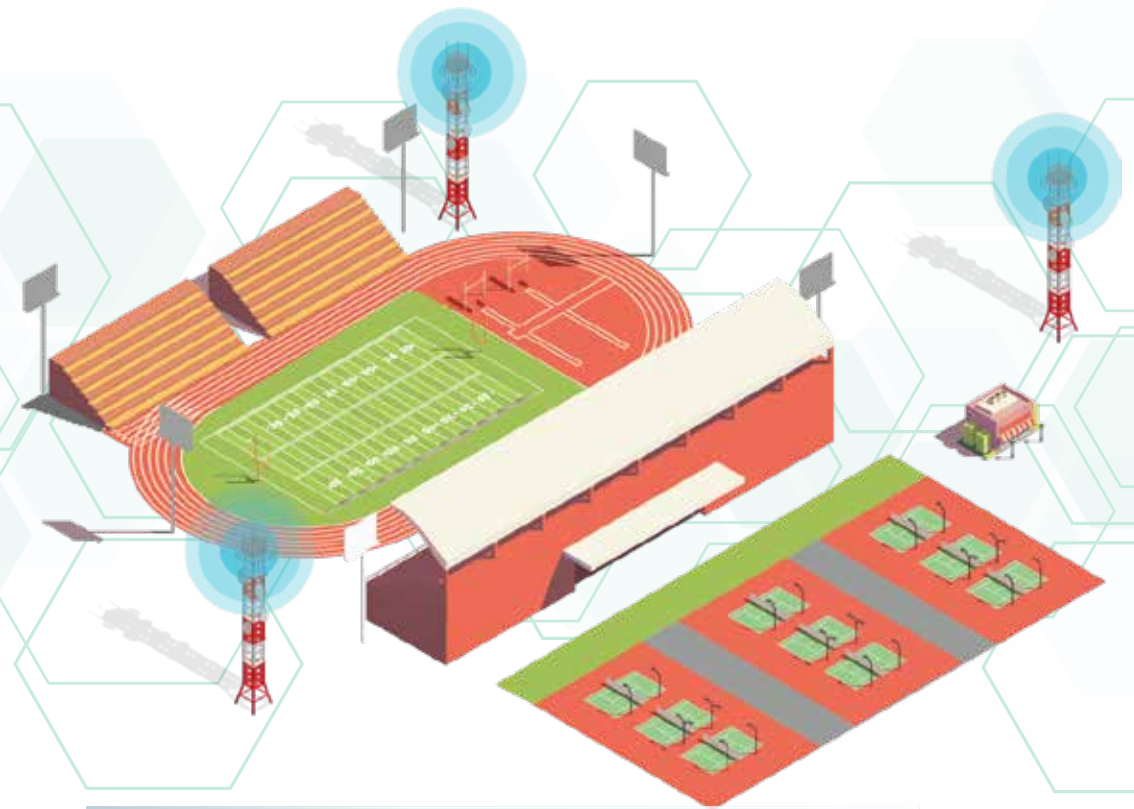

- Higher Education
- K-12 Education
- Healthcare
- Federal & Municipal
- Office & Mixed Use
- Ports & Harbors
- Aerospace
- Retail & Commercial
- Labs & Specialty Manufacturing
- Aviation
- Energy

# IT & Telecommunications

An established IT infrastructure is the backbone for state-of-the-art buildings to support everyday activities. Students and staff depend on fast wireless connection for productivity. Owners and facility management benefit from a well-designed system's reliability for their network communication, audiovisual, broadcasting and various other needs.

## Our Services

- Wireless Local Access Network (LAN) Design
- Voice/Data Structured Cabling Design & RFP Management
- Customer-owned Outside Plant Cabling Design
- Technology Infrastructure Audits
- Telecommunications Master Planning & Campus Standards Development
- Distributed Antenna Systems (DAS)

*We ensured all technology systems hit the mark at Mt. San Antonio College's new Athletics Complex East.*

# Audiovisual Systems

Learning should be an interactive experience to draw-in and hold attention. Get students immersed in the subject-matter with an integrated audiovisuals system.

## Our Services

- Acoustics & Noise Control
- Theater Systems
- Paging Systems
- Digital Signage
- Video Conferencing
- Video Display Walls
- Sound Masking
- Acoustical Modeling
- Command Centers
- Emergency Operations Centers
- Corporate Conference
- Training & Board Rooms
- Council Chambers
- Performing Arts Centers
- Auditoriums and Lecture Halls

*We're modernizing the learning experience at  
East Whittier City School District.*

# Security Systems

Staff, patients, sensitive information and controlled substances pass through the corridors of healthcare facilities regularly. A comprehensive security, surveillance, and access control system keeps patients and staff protected.

## Our Services

- Access Control Systems
- Intrusion Alarm Systems
- Theft Detection Systems
- Video Surveillance Systems
- Video Analytics
- IP Video Storage
- Mass Notification
- Security System Auditing and Commissioning
- Building Security Systems
- Physical Security Systems
- Healthcare Technology
- Wireless Systems
  - WiFi
  - ERRCS DAS
  - Cellular DAS

*Discover the strategies we're implementing at the Martin Luther King Jr. Behavioral Health Center adaptive reuse project.*

# Technology Consulting

We share your mission and understand the importance of producing and delivering reliable technology design and project management. Our consultants have the industry experience, industry longevity, and industry track record to customize technology solutions to suit your unique needs.

## Our Services

- Technology Assessments
- Telecommunications Master Planning & Campus Standards
- Technology Program Management
- Client Advocacy
- Technology Business Planning/Assessment

*The City of Lake Forest's new Civic Center is the perfect venue for performing artists in costumes or city council members in suits with our technology designs.*
